

Amendments to the Drawings:

The attached sheet of drawings includes changes to figure 4 in response to Examiner's objection. Specifically, the number **410** has been added to denote the drawing means, and controller **412** has been added and is shown to be connected to drawing means **410**, ion-implanter **420**, laser **422**, and vapor unit **414**. This sheet, which consists of figure 4, replaces the original sheet consisting of figure 4. The changes have been incorporated into the Amendment to Specification, presented earlier in the Reply/Amendment.
